2. New Master of Education proposal for a joint Regents Online Degree Program - APSA/ETSU/MTSU/TSU/TTU/UOM proposal to offer an on-line degree (MOE) Master of Education. Total credits required for graduation will be 33. There will be 18 credits required in the major field course and 15 credits required in the concentration, Literacy.

There was much discussion regarding course numbering system as ETSU will not allow the on-line courses to have a rubric/number ending in seven. ASTL 5707 and ASTL 5727 are planning to be moved to ASTL 5708 and ASTL 5728, respectively. University of Memphis uses numbering levels beginning with 7xxx. The 5000 levels numbering of courses for APSU/ETSU/MTSU/TSU/TTU will be cross-listed with the (7000) levels numbering of courses at UOM.

Several Council members expressed concerned over what, if anything, this RODP graduate program would do for ETSU including FTE, which site would issue diploma, and the Degree itself.

Action Taken by Council: Approved with nine yes votes, Two dissenting votes, and one abstention.

IV. Old Business

1. Graduate Advisory Committees - Dr. Herrin reviewed the background, issues, recommendations, and assumptions for the requested revision of the ETSU School of Graduate Studies policy governing Graduate Committees. The only change requested was in Section III, paragraph B, first sentence which was changed to include the statement, "Students in non-thesis and non-dissertation programs must have on file in the Graduate Office an advisor of record holding a **full or associate** graduate faculty status..."

The following proposal was recommended for approval:

GRADUATE ADVISORY COMMITTEES

The School of Graduate Studies recommends the following revision of ETSU policy governing Graduate Committees, effective upon approval:

- A. Students writing a thesis or dissertation must file with the School of Graduate Studies a committee of appropriate graduate faculty, approved by the Graduate Dean. Any change in this committee requires submission of a change-of-committee form and the Graduate Dean's approval.

- B. Students in non-thesis and non-dissertation programs must have on file in the Graduate Office an advisor of record, holding full or associate graduate faculty status, who is responsible for advising the student and for oversight of the student's program of study, candidacy, and culminating experience. This individual is the signatory for all materials relating to the student's matriculation.
- C. Graduate non-thesis and non-dissertation programs may elect to eliminate or retain committee structures.
- D. At the time a curriculum is proposed or significantly modified, the department/program must indicate its intent regarding committees and advisors of record.

Action Taken by Council: Approved and forwarded to Academic Council.

V. Adjournment

The meeting was adjourned at 2:50 p.m.
