E. Graduate Education Policies

1. Deferrals (especially for International Students)

Some international students were deferred last year, but in all likelihood will not be able to enter the US for Fall. The current deferral policy says that students can be deferred for only one year and then must re-apply.

Does GC want to hold firm to this or can deferrals be extended (with coordinator approval) for another year without re-applying?

Motion was made, seconded, and carried to approve a 1 year temporary extension for domestic and international students (due to the covid 19 virus) with coordinator approval

2. Policies for public comment:

1. Academic Fresh Start—no comments—will move to Academic Council

2. Retention policy—no comments—will move to Academic Council

3. Admissions Policy

a. See attached documents:

- *Graduate Admissions Policy*
- *Graduate Admissions Comments*
- *Graduate Application Fees* – Includes what our competitors in the state and our peer institutions are doing on this issue, and projected financial impact

b. Graduate Application fees for current ETSU students

All comments are about not having current ETSU graduate students pay a second (or third) application fee to add-on certificates or another degree.

4. Degree and certificate requirements—comments attached.

There was nothing that stuck out, according to Dr. McGee that would hold this up going to Academic Counsel.
