Inclination for Duplication: Faculty Works in Institutional Repositories

Inclination for Duplication: Faculty Works in Institutional Repositories

Step 1

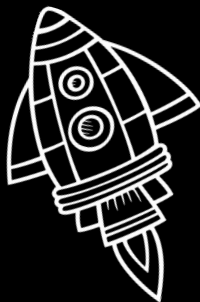

- What is your name, job title, and institution?
- What are your current policies, procedures, and outreach methods for the faculty works collection in your IR?
- Name one strength and one weakness of your current situation.

Step 2

- What would you envision as the ideal future for faculty works collections without considering the constraints of time, money, and staffing?
- Consider the impossible! Do not worry about how your vision will work in the real world.

Step 3

- What changes could you make to your current policies, procedures, and outreach methods to move your faculty works collection towards your vision of the ideal future?
- Consider major and minor changes.
